

The AMWC 2023 awards

AMWC AESTHETIC MEDICINE AWARDS

In partnership with the Aesthetic Multispecialty Society (AMS), the 2023 AMWC Awards honours physicians for their innovative protocols and techniques, in addition to treatment results in the field of aesthetic & anti-ageing medicine. The ceremony is also an occasion to reward the best products and devices in the industry. This year's 9th edition saw over 1000 applications from 50 different countries. Out of the 500 shortlisted submissions, over 150 reached the finals in the proposed 22 categories. A jury composed of renowned doctors voted using strict criteria based on originality, effectiveness, and final results. The AMWC Awards is a pioneering competition in the aesthetics field, inviting hundreds of international peers to cast their vote. Winners will be celebrated along their peers at AMWC Monaco.
