

AMWC²⁰²⁵ Aesthetic Medicine AWARDS

Discover the AMWC Aesthetics Medicine Awards winners

Commemorating Excellence in Aesthetic and Anti-Aging Medicine!

In collaboration with the **Aesthetic Multispecialty Society (AMS)**, the 2025 AMWC Awards meticulously evaluated more than **1000 submissions** hailing from 39 countries, contending for top accolades in categories across **Best Products & Devices** and **Best Clinical Cases**. Following an exhaustive review and shortlisting process, 220 standout entries emerged as finalists, ready for evaluation. The final round was judged by a distinguished panel of physicians specializing in aesthetics and anti-aging medicine, alongside over **22,000 votes from industry peers**. The ultimate winners across the **24 categories** were unveiled at a prestigious ceremony held at AMWC Monaco on March 27th, 2025.

Discover all finalists and winners on the AMWC website:

Best Products & Devices Winners

Best Skin Regenerative Aesthetic Solution

GCell®
GLOBAL BIYOMEDIKAL
www.globalbiyomedikal.com
GCell® is an advanced regenerative medicine device with Autologous Micrograft and SVF Technology in a fully closed, sterile system. With a 40-minute rapid processing time, homogenization, and photoactivation, it ensures high cell viability and effectiveness. GCell® is 100% autologous, chemical-free, and requires only local anesthesia.

Best Anti-Aging Supplement

Purasomes Xcell
DERMOAROMA
www.dermoaroma.com
Purasomes XCell supports gut health, immunity, and telomere longevity. With organic bovine colostrum, spirulina, and astragalus, it enhances digestion, reduces inflammation, and slows aging at a cellular level. Designed for radiant skin, stronger hair, and overall well-being.

Best Cosmetics

Biojuve®
CROWN AESTHETICS
www.skinpen.com/international
BIOJUVE® is a novel skin biome brand that uses a living Xycrobe™ Technology to optimize the overall skin biome and lead to healthier, younger-looking skin. Clinical studies show significant improvement in the appearance of skin texture, tone, fine lines, wrinkles, and photodamage on all skin types.

Best Innovations in Treatment Protocols

Discovery Pico With Variopulse Technology®
QUANTA SYSTEM
www.quantasystem.com
PICO celebrates 10 years of innovation with VarioPulse Technology®, offering precision and versatility. Featuring three picosecond pulse ranges and unique handpieces like PlasmaFrax and PhotoFrax, it customizes treatments. PicoFilling stimulates skin regeneration with minimal downtime, perfect for wrinkles, acne scars, and more.

Best Suspension Thread

Visage Excellence HA - Namica Technology
APTOS
aptos.global
Aptos 4th Generation Threads with NAMICA Technology – Lifting, Contouring, Armoring, Skin quality improvement with the revolutionary P(LA/CL) + HA with NAMICA technology. Unique characteristics as targeted delivery (minimizing loss of HA during threads injection); controlled gradual release of HA making it the first solid, long-lasting biostimulator.

Best Aesthetic Device

Dermaviz UV
QUANTIFICARE
www.quantificare.com
QuantifiCare revolutionizes clinical photography with standardized 3D imaging and 2D UV systems. Our tools ensure precise, reproducible assessments. Already used in trials, DermaViz UV replaces Wood's lamps with UV flash, offering sharp visuals for pigmented/depigmented areas. Soon for consultations.

Best Laser

Redtouch Pro
DEKA
www.dekalaser.com
The exclusive 675 nm wavelength of RedTouch PRO, which is selectively absorbed by collagen, makes it the most revolutionary laser system of the year. With high efficacy, it stimulates collagen production and the formation of new collagen fibers. RedTouch PRO is also effective on dark phototypes and tanned skin.

Best Non-Invasive Body Shaping Technology

Wonder Axon
LEXTER MICROELECTRONIC ENGINEERING SYSTEMS S.L.
www.wonder.clinic
Wonder Axon combines neuromuscular stimulation, electromagnetic emissions, and radiofrequency to enhance muscle tone, strength, and collagen production. This non-invasive treatment sculpts the body, tightens skin, and reduces fat, offering natural, balanced results.

Best Aesthetic Product & Device Integration
Cytocare 640 C Line With C Line Plasma
LABORATOIRE REVITACARE
www.revitacare.net

REVITACARE's C Line Plasma and CYTOCARE 640 C Line duo combine cutting-edge plasma technology and ultra-pure hyaluronic acid to reduce wrinkles, acne scars, and imperfections. In just 2 sessions, skin is intensely hydrated and smoothed for a youthful glow.

Best Hair Restoration Product
Purasomes HSC50+
DERMOAROMA
www.dermoaroma.com

Purasomes HSC 50+ Hair & Scalp Complex combats hair loss in men and women by addressing root causes, accelerating cellular repair, and promoting hair follicle function. Clinically proven, it offers immediate and long-lasting results for healthier hair and scalp.

Best Intimate Health Solution
Intimate Excellence HA
APTOS
aptos.global

Female confidence and health often suffer, and female pleasure is very complex. Aptos Intimate Excellence Method (HA) was created to improving quality of life by treating urinary incontinence, postpartum defects, aesthetic concerns in gynecology using minimally invasive techniques, with a short recovery period and long-lasting effect.

Best Injectable for Skin Revitalization
Juvelook
VAIM GLOBAL
juvelook.com

JUVELOOK is a hybrid biostimulator for rejuvenating skin, reducing fine wrinkles, and treating scars, stretch marks, and tear troughs. It combines PDLA, which stimulates collagen and elastin production, with hyaluronic acid, a biocompatible gel that hydrates instantly while restoring lost volume.

Best Injectable Dermal Filler
Restylane Lyft
GALDERMA
www.galderma.com

Restylane Lyft is designed to provide lift, projection and structure. Its targeted placement and minimal product migration ensures precise outcomes. It has the highest G' on the market and the lowest degree of modification, for the closest to skin's own HA, delivering natural looking results.

Best Neuromodulator
Relydess
GALDERMA
www.galderma.com

RelydessTM is the next-generation neuromodulator designed with PEARLTM technology. It delivers an advanced performance with fast and sustained results for GLs and LCLs, giving patients a natural, revitalized look with a well-tolerated, ready-to-use, liquid formulation that is optimized for simple volumetric dosing.

Best Injectable Body Fillers
Lanluma X & Lanluma V
SINCLAIR
sinclair.com

Lanluma is a PLLA-based implant designed to add volume and correct skin depressions. Injected as a suspension, it stimulates collagen production. Available in two versions—Lanluma V (210 mg) and Lanluma X (630 mg)—it suits various face and body areas, including the buttocks.
